T-handle alignment pins

Black anodised T-handle pins with a straight shank and tapered lead-in tip. Compare the pin and handle dimensions below; all standard and custom sizes are supplied by quote.

4 mm T-Handle Alignment Pin

5 mm T-Handle Alignment Pin

6.5 mm T-Handle Alignment Pin

Custom-Size T-Handle Alignment Pin

Illustrative catalogue images show the black anodised finish. Use the dimensions below and the supplied drawings to specify your pin.

Pin diameter	Pin length below handle	Handle length	Handle diameter
4 mm	63.5 mm	63.5 mm	6 mm
5 mm	63.5 mm	63.5 mm	7 mm
6.5 mm	63.5 mm	63.5 mm	8 mm

Pin length below the handle includes the tapered tip; confirm full-diameter engagement by quote. Custom sizes: specify pin diameter, pin length below the handle, handle length and handle diameter. Send your drawing and quantity.

☑ BEFORE YOU ORDER

All pins have a black anodised finish. Dimensions are presented in millimetres. Confirm base material, hardness, tolerances and drawing units with the quotation. Custom sizes require your drawing and quantity.
