Listed option	Inside Corner
Listed option	Outside Corner
Listed option	End Caps

BEFORE YOU ORDER

Confirm trim length, opening, colour and panel fit. The current options specify profiles but do not state dimensions or a colour range.

Plan the trim quantities around your wall layout, including internal corners, outside corners, door openings and exposed panel edges.

FRP Glue

FRP glue is adhesive for fiberglass reinforced wall-panel installations. Match the adhesive to the wall substrate and follow its instructions for surface preparation and application.

BEFORE YOU ORDER

Brand, container size, colour, coverage and substrate compatibility are not specified. Confirm these before calculating adhesive quantity.

Confirm exact colour and finish with a sample.
